THE CAUCASIAN.

VOL. XXI. RALEIGH, NORTH CAROLINA, THURSDAY, SEPTEMBER 3, 1903 NO. 35.

NORTH STATE MATTERS

Newsy Items Gleaned From Murphy to Manteo.

Labor Day Proclamation.

Raleigh, Special.—Governor Aycock issued his Labor Day proclamation issued his Labor Day proclamation last week, setting forth that the Legislature and Congress have set aside the first Monday in September as Labor Day and general holiday. The proclamation says: In recognition of said legislative acts, and with a view to the continuance and strengthening of the good will which exists between all people of this State, I request all citizens of North Carolina to observe Monday, September 7 ,as a holiday, and that in every way possible employers co-operate with employes in worthy recognition of the dignity of labor and in a becoming observation of Labor Day. Let there be as far as possible a cessation of labor throughout the State. I request that all places of business of whatever character where labor is employed be closed to the end that those employed may enjoy a day or rest and thanksgiving. The day ought to be one observed by all people in expression of appreciation of those who toil, for upon them rests the progess, prosperity, success and happiness of the State. Let harmony exist between all employers and employes. Let us foster and strengthen that confidence between those who employ labor and those who work, which is essential to the peace of the State and the best interests of all people."

A Dangerous Tobacco Disease.

A very destructive tobacco disease has recently broken out with extreme violence in certain portions of the State. It is the desire of the N. C. Experiment Station to accumulate all information concerning the disease which may lead to a checking of its ravages. The point now most to be desired is to find out how widely the disease is distributed over the State. To that end it is requested that all people interested in tobacco growing, who are troubled with any disease of the tobacco plants will send specimens consisting of the lower part of the stem and the roots to the Station. It is particularly desired that these specimens if the disease consists of the wilting of the leaves, accompanied by a brown color in that portion of the stem just inside of the bank. It is urged upon all tobacco growers the importance of notifying the Station immediately after this disease appears in the neighborhood, so that they may advise as to the means of preventing its spread. Two diseased stalks in the field this year may mean the loss of the entire crop the next year you put tobacco on the field.

State Brevities.

W. E. Thompson, a revenue officer of Hillsboro, had his buggy and harness cut to pieces while he was out looking for blockade stills late Saturday night. He was in Lebanon township, Orange county, and left his buggy and harness at one place but moved his horse to another while he went to look for the moonshine plant. When he returned his buggy was cut to pieces, his harness cut and the perpetrators had made good their escape. This was not his only ill luck, for he also failed to find the still, as he had anticipated. It is evident that the blockaders were looking for him and had moved their plant. His buggy was so badly demolished that Mr. Thompson purchased a new one.

The commercial travelers are arranging to take official notice of the action of the Hamlet hotel that served breakfast to Booker Washington and a number of other negroes Sunday morning, to the exclusion of white guests. They resent the action of the proprietors of the hotel in permitting the negroes to eat in the dining room while white persons were offered improvised tables in the reading room.

The examination of the deposits of building stones in this State by Messrs Watson and Lanay, the experts, will be continued. The examination of the deposits of marble is about completed. The quality of the building stones in this State is found to be high from a commercial point of view. Much is being done in the way of granite shipments, from well-known beds, but some new ones have been discovered. The best deposits of building stone are luckily located either immediately upon railway lines or very near them.

Tuesday morning a freight wreck occurred near Fletcher which delayed the passenger train from Asheville five hours. So far as is known there were no lives lost and no one injured. A locomotive and several box cars jumped the track, and the road bed was torn up considerably. The wreck was cleared up in a reasonable time, and traffic resumed.

The case against W. J. H. Weddington, of Charlotte, to show cause why a peace bond given by him should not be forfeited, was tried before 'Squire D. G. Maxwell in that city Tuesday. After hearing all the evidence, 'Squire Maxwell ordered that the bond, which was a justified one in the sum of $250, be forfeited, and that another one be substituted. From this decision Mr. Weddington took an appeal to the Superior Court.

Saturday night the store of W. J. Campbell at Newton was broken into and a few articles are missing. No cash had been left in the store. The thief left an old straw hat in the store, and this caused the arrest of a negro, Lon Cochran, who had worn a hat just like this one, on Saturday.

It is thought that the contract for the Southern's new passenger station at Winston will be awarded in a few days. It will cost about $30,000. The Norfolk & Western will use the station for passenger trains, hence it will be a union depot.

SOUTHERN INDUSTRIAL

Southern Coal Industry.

Baltimore, Special. — Commenting upon official figures as indicating the growth of the Southern coal trade, Mr. F. E. Saward, the well known coal authority, says in last weeks issue of the Manufacturers' Record:

"The Chesapeake and Ohio for June this year shows 364,349 tons as against 190,041 tons in that month last year, while the Norfolk and Western shows 845,225 tons for July, as compared with 564,468 tons for that month a year ago. Then there is the Southern which handled during the first five months of this year 1,666,423 tons of coal from the Alabama and Tennessee districts. Last year the five months supplied 1,505,853 tons. The Alabama district supplied 1,155,681 tons in 1903, and the Tennessee field 510,742 tons. During the year 1902 the Alabama district furnished the Southern Railway tonnags during the first five months of 950,399 tons of coal and Tennessee 555,454 tons. The Chesapeake and Ohio report for the year shows $5,658.879 net earnings, which is a decrease from the previous year of less than half a million, and yet there was a long strike at coal and coke works along its line for a long period during the fiscal year. The Norfolk and Western shows $5,891,930, an increase of nearly $1,000,000, because were no great trouble at mines along its line. In a recent interview Chief Mine Inspector J. W. Paul remarked that there is the largest coal development at the present time in the history of West Virginia and especially along the Kanawha. In that section there was a great amount of construction of railroads into the various coal fields and the coal development in that section in the immediate future will be such that the railroad facilities will not be able to move more than 75 per cent. of the capacity of the mines. 'About the same beneficial effects,' says Mr. Paul, 'have resulted in towns in the southern portion of the State from the coal development as have resulted to Clarksburg and Fairmont from the development of the coal region."

Referring to the operations of the Wabash as related to coal development Mr. Saward says:

"The system will be getting coal out of the New River district before many months have waned. The Wabash has completed an extension of its West Virginia Central and Pittsburg division to Bayard, W. Va., on the outer edge of the New River field, and will begin the shipment of coal from that field to Baltimore at once.

"It is stated by those familiar with the situation in Alabama that the production of coal for the whole year of 1903 will probably exceed the 1902 tonnage, notwithstanding the loss of a month's mining operations. It is believed that improvements made about the mines during the idleness, and the new mines which will be ready for operations in the next month or so, will so increase production that before the end of the year the loss in tonnage will be more than made up, and the demand is said to be great enough to absorb all the coal that can be turned out between now and Jan. 1st. The barge line of the Southern Railway which takes coal at Greenville, Miss., and ships it down the river to New Orleans, has resumed operations since the miners went back to work. Coal is again being shipped from the Alabama fields to Tampico, Mexico, through the port of Pensacola to which it is hauled by the Louisville and Nashville Railroad. This is a well established business, but was interrupted by the strike. The men surely acted wisely in going to work pending the arbitration proceedings. The Seaboard has not quite finished its Alabama extension but is working hard at it and expects to have trains running into Birmingham by Jan. 1, 1904. In addition to the main lines which reach that city there are other smaller roads in the district which handle a great deal of coal and ore. The Birmingham belt which belongs to the Frisco and which extends around the city in a prominent extends around the city is a prominent factor in the freight traffic. Birmingham will soon have a direct route to Chicago by way of the Illinois Central."

Industrial Miscellany.

The Weather Bureau's weekly summary of crop conditions says: "Cotton suffered materially from heavy rains and lack of sunshine over a large part of the central and eastern districts of the cotton region, where, as in the previous week, rapid growth and, in some localities too much stalk, excessive shedding and rust are reported. The plant, however, is generally well fruited throughout the belt. In Texas the boll weevil is doing much damage, except in the northern counties, and boll worms are more numerous and destructive. A little picking has been done throughout the southern portion of the belt, but this work is not yet general. The condition of tobacco in Tennessee is exceptionally favorable, and a fair crop is promised in Kentucky, where an improvement is indicated. A fair to good crop is being cut in Maryland and Virginia. In Pennsylvania, though backward, tobacco has made fair progress, but drought has materially lessened its condition in Ohio."

The Texas section of the weather bureau has issued a map showing the boll weevil district of the Texas district, and it is stated that the pest is doing great damage wherever present."

The Rudisill gold mine, in the suburbs of Charlotte, N .C., has been bought by a wealthy mining company and operations on a large scale have been begun. A big smelting plant will be erected.

The Florence Cotton Mills, at Forest City, N. C., have suspended for two weeks in order to install new machinery.

The Connelly Springs Hotel, in Burke county, N. C., have been sold.

A railroad from Shelby, N. C., via. Morganton and through the mountains to the great coal fields is talked of.

POWERS IS TO HANG

Murderer of Governor Goebel Will Pay the Penalty

IS TO BE EXECUTED IN NOVEMBER

Tragic Ending of a Tragedy in Kentucky—Third Trial Results in Conviction For Murder.

Georgetown, Ky., Special.—The third trial of ex-Secretary of State Caleb Powers, for complicity in the murder of Governor Wm. Goebel, ni January, 1900, closed shortly before noon Saturday with a verdict imposing the extreme penality of hanging for the distinguished prisoner who had been in the penitentary for three years on a life sentence. The verdict of the jury: "Guilty and the punishment of death," was reported into court at 11:20 o'clock.

Several hundred people crowded the court room when the verdict was read and the most intense silence prevailed. The jury was polled and each man declared the verdict of guilty to be his finding. Powers sat unmoved, while his attorneys asked for time to make a motion for a new trial. Arthur Goebel, the brother of the victim, and a prominent merchant, at Cincinnati, who has spent his time and fortune for over three years in the prosecution of those accused of being in a conspiracy to kill his brother, broke down from the strain upon hearing the verdict. Powers has been convicted twice before, this being the third trial in which the jury brought in a verdict of guilty against him. On his previous trials he escaped with a life sentence, as the evidence was not sufficiently strong against him to lead the jury to inflicting the extreme penalty. All three of the trials were held at Georgetown, and in each of them he had the assistance of the most able lawyers who could be procured. The last trial was distinguished by the fact that Powers addressed the jury in his own behalf and in a long review of the case showed himself to be a competent attorney, while his eloquence in pleading for his life astonished those who had watched him carefully in the past trials of the case.

Special Judge Robbins later formally overruled a motion for the granting of a new trial to Powers. He then passed the sentence of death upon him. After a declaration of the prisoner "I am not guilty, judge," the court fixed November 25 next, as the day for the execution. The attorneys for the defendant secured the granting of an appeal for the case to the Kentucky Court of Appeals. Powers was immediately removed to the Scott county jail to be held there pending the appeal of case.

A Remedy Suggested.

Mystic, Conn., Special.—The Universal Peace Union at its closing session Saturday adopted a series of resolutions or "convictions." The resolutions set forth that the duty of the hour is to overcome all conditions that make war possible by teaching the principles of peace and abitration in schools and universities, by practicing them in everyday life and by multipiying courts of arbitration. The increase of the army and navy, the building of battleships for Turkey and other foreign governments with all the improvements of American genious, the farcial and expensive playing of naval battles on the coast of Maine and the unrestricted sale of firearms, is viewed with alarm. Lynching is declared to be a monstrous peace-breaker and State and national legislation looking to its suppression is demanded. Race hatred and prejudice is pronounced a menace to peace. "If there be uncontrollable passions in the depraved intended victim of lynching," the resolutions say, "there is a remedy which medical skill may well be called upon to heal, as it would any other diseased condition; for the increase of sensual criminality affecting present morality and future genration forces the suggestion that this remedy administered with wisdom and the best surgical ability would be a protection to society and a kindness and mercy to the offender."

Lynchers Convicted.

Danville, Ill., Special.—The jury in the case of the eight men on trial for participation in the riots of July 25, when the jail was attacked and a negro lynched, brought in a verdict at midnight, finding all the accused guilty except Wm. Redwine and Clay Riddles. The latter is only 16 years old. The jury had the case under consideration since noon on Friday.

Another Serious Outbreak.

Sofia, By Cable.—Despatches received Sunday from Constantinople, Salonica, Monastir and Adrianople, reveal an unsatisfactory condition of affairs in Macedonia. From Salonica come reports of new risings. At Monastir the insurgents are said to be masters of the situation. Telegrams from Adrianople declare that the insurgent bands are continuing their ravages. At the moment that the Porte is asking Belgium to supply officers for the Macedonian gendarmie the Swedish ambassador at Constantinople has notified the Turkish government that unless they receive their pay immediately, the Swedish officers now at Uskub will leave the country.

1,000 Killed or Wounded.

Paris, By Cable.—A dispatch received by the Foreign office from Morocco says that a large imperial force which was going to the relief of troops commanded by the Sultan has been surprised and almost annihilated by insurgents. The Temps publishes details of the engagement in Morocco, showing that the imperial troops numbered 3,000 men. They were ambushed with the result that over 1,000 of them, including seven natives governors, were killed or wounded.

RELIANCE WON SECOND RACE.

The Prospects for Brave Shamrock Grow Darker With Every Event.

The third genuine race in the 1903 cup series was successfully run on Tuesday. The race was close as the following dispatch shows:

Nw York, Special.—In a glorious whole-sail breeze, over a triangular course ten miles to a leg, the fleet-footed cup defender Reliance again showed her heels to Sir Thomas Lipton's challenger, taking the second race of the cup series of 1903 by the narrow margin of 1 minute and 19 seconds. It was as pretty and as hard-fought a contest as has ever been sailed off Sandy Hook, and had the wind not fallen during the last ten minutes, the record for the course, 3 hours, 12 minutes and 15 seconds, made by Columbia two years ago, in her memorable race against Shamrock II., would have been broken. As it was Reliance sailed the 30 miles within 2 minutes and 39 seconds of the record, which speaks wonders for her speed in the wind that was blowing. The Reliance's victory, narrow as it was, would have been even smaller had not Captain Wringe, the skipper of the British ship, bungled at the start, sending his carft over the line 19 seconds after the last gun and handicapping her to that extent. At every point of sailing the defender's superiority was demonstated. She gained 1 minute and 51 seconds in windward work, 40 seconds on the run to the second mark, and 45 seconds on the close reach for home.

Taft Will Succeed Root.

Oyster Bay, Special.—Secretary Root, under date of August 19, presented his resignation formally to the President. The resignation was accepted by the President with the understanding that the Secretary continue at least until January 1. Governor General William H. Taft, of the Philippines, will succeed Secretary Root, as Secretary of War. President Roosevelt authorized the following statement: "The President some months ago tendered the secretaryship of War to Judge Taft and at that time it was arranged that he would succeed Secretary Root. Secretary Root will go out of office some time in January and Judge Taft will assume the duties of office shortly afterward."

G. A. R. Officers.

San Francisco, Special.—The Grand Army of the Republic selected Boston as the place in which the encampment of 1904 will be held and elected the following officers: Commander-in-Cheif, Gen. John C. Black, of Illinois; senior vice commander, Col. C. Mason Keene, of California; junior vice commander, Col. Harry Kessler, of Montana; surgeon-in-chief, George A. Harmon, of Ohio; chaplain in-chief Winfield Scott, Arizona. Reports of officers were made. That of Commander-in-Chief Thomas J. Stewart advocated a service pension of $12 a month, and expresses the opinion that the present Commissioner of Pensions is earnestly endeavoring to discharge the duties of his office honestly, liberally and justly ,but that he is not able to satisfy all who make complaint.

Longshoremen on Strike.

Burnswick, Ga., Special.—On account of a strike by longshoremen here, the handling and shipping of lumber is seriously crippled. Their demand is for an increase in wages of 2 cents an hour, which so far have been granted by one of the large shipping companies. Some ships are being loaded by imported non-union labor, but the unions are rapidly increasing their ranks from the imported men. So far nearly 400 longshoremen are involved in the strike, which threatens soon to tie up entirely the lumber shipping interests here.

Effort to Avoid Friction.

London, By Cable.—Shipping circles here show keen interest in the developments of the relations between the German and British Atlantic steamship companies. The lines are making every effort to avoid friction and Director General Ballin, of the Hamburg-American Line, who is in London, said today that its policy was to maintain and promote the existing harmony.

A Lyncher Convicted.

Danville, Ill., Special.—Winfield Baker, who formerly lived in the mountains of Kentucky, was convicted in the Circuit Court of assault to murder Sheriff Whitlock. He was sentenced to a term of from one to 14 years. This is the first conviction of a member of a mob that attacked the Danville jail in the latter part of July, after having lynched the negro James Metcalf, and burned his body. Immediately after the verdict today Harmon Magnott, a painter who was publicly criticising the court officials, was arrested, charged with inciting riot.

Certificates Sold.

Washington, Special.—Bids were opened at the Bureau of Insular Affairs, War Department, for the purchase of $3,000,000 certificates of indebtedness for the Philippine government. Harvey Fish & Sons, of New York, bid for all or any amount at 102.2. This was the only bid for the whole amount, and it was accepted. Among the other bidders was L. W. Wise, of Richmond, Va., for $6,000 at 100.25.

FAILED ONCE MORE

Fourth Race of International Cup Contest Declared Off on Limitation

NEITHER BOAT REACHED THE LINE

The Reliance, However Had a Long Lead on the Shamrock, and Came Near Winning Three Straights.

The series of international cup races was continued on Thursday, with the usual result, except that officially it was no race at all. The sea was calm and the wind light, so that neither boat was able to cross the line in the time limit allowed by the rules. The series so far stands two failures and two straight victories for the defender. The Thursday event is given in detail as follows:

New York, Special.—With Reliance less than a mile from the finish and Shamrock III, hull down on the horizon, fully two miles astern of the gallant defender, the fourth race of the present series for the America's cup was declared off because of the expiration of the time limit of five and one-half hours, as happened on Thursday last. It was no race officially. The defeat administered to the challenger was so ignominous that whatever lingering hope remained in the breasts of the friends of Sir Thomas' boat vanished into thin air. Reliance's victory was in every way more decisive than that of last Saturday. Outsailed, outpointed and outfooted, it was a procession from start to finish.

The Herreschoff wonder beat the Shamrock hopelessly in the 15 miles of windward work, rounding the outer mark in 12 minutes and 30 seconds ahead of her, a gain in actual time of 11 minutes and 20 seconds, and down the wind she steadily increased her lead. The real race of the day was not against the Shamrock, but it was seen in the exciting struggle of Reliance in the last half-hour to reach the finish line before the regatta committee fired the gun which should announce the expiration of the time limit. Had the wind freshened 20 minutes earlier than it did, the cup series would have ended with three straight wins for the defender, and Fife's famous light weather boat would have sailed back to Albion's shores one of the most disastrously worsted challengers in the history of the cup contests.

Fully as discouraging as the sailing qualities displayed by the challenger was the atrocious manner in which she was handled. The Yankee skipper not only outmanoeuvred his rival in the spectacular battle for position at the start, as he has done every time they have met, but worse still for the downhearted supporters of Shamrock, Captain Wringe repeated his blunder of Tuesday. He crossed the line in the wake of Reliance with a handicap of 61 of the precious seconds for which Fife had sacrificed so much in said spread for time alowince. Both boats, it is true, went over after the handicap gun, but it is only the sternmost craft which actually suffers.

It was not a pleasant day on the water and the observation fleet which put out to sea to witness the race was hardly more than half as large as on the preceding days. The dark water of the ocean was as smooth as a floor and a light breeze of about four knots blew out of the southwest. The course was laid 15 miles dead into the wind and return.

At the end of the first hour Shamrock was beaten and the interest waned. After rounding the float for the run home and setting big balloonders, the wind, which had strengthened to six or seven knots on the beat, died down and the towering clouds of canvas was drifted lazily down an ocean lane, a mile wide, between the two divisions of the excursion fleet.

Even in the light air it was astonishing how the defender slipped through the placed seas. With the gentle breeze distending the surface of her pure white sails and her stern crowded with tars to hold her head up, she moved along as serenely and peacefully as if in a dreamless sleep. Yet the gap between her and the challenger steadly widened until two miles separated them. Half an hour from home, when the spectators had abandoned any idea that the finish line could be reached in time, the wind suddenly freshened and Reliance came bowling down at a merry clip. But the wind had come too late and when still a hundred yards from home the gun on the tug Navigator boomed across the water. The excursion boats held on until she crossed the line to give her a rousing welcome and then scampered for New York. Sir Thomas, who, heretofore, has always followed his champion into the Hook, sent his steam yacht, the Erin, ahead at full speed as if to drown out the memory of the inglorious licking he got.

Shot at, But Not Killed.

Washington, Special.—A decidedly new turn in the case of the United States Vice Consul Wm. G. Magelssen, at Beirut, Syria, who was reported to have been assassinated last Sunday, developed Friday when it became known that the report was incorrect and that although Mr. Magelssen had been shot at he had not even been injured This information came to the State Department Friday night in a dispatch from United States Minister Leishman at Constantinople, who said the mistake in making the original announcement was due to an error in the transmission of the cipher dispatch from Consul Ravendal at Beirut in reporting the incident to the minister.

Tunnel on Fire.

Roanoke, Special.—A stubborn fire is raging in Craigen Tunnel, on the Clinch alley division of the Norfolk & Northwestern Railway, near Virginia City, Va. The tunnel is lined with heavy tibers and was discovered on fire 300 feet from the east entrance at an early hour Thursday. So far it has been impossible to approach the fire from the east end. The officials say it will probably be three or four days before the tunnel is clear. Traffic is blocked.

LIVE ITEMS OF NEWS.

Many Matters of General Interest in Short Paragraphs.

Down in Dixie.

Over 2,900 arrests have been made under the new vagrancy law in Georgia and farmers find less difficulty in finding farm labor.

Gov. Jefferson Davis, of Arkansas, was knocked off the platform during a political debate at Bismarck, Ark., by Judge Carroll L. Wood.

Governor Aycock says that he will comply with the request of the farmers of the State Alliance to ask the Governors of Virginia and South Carolina to unite with him in urging President Roosevelt to enforce any existing laws against the tobacco trust, in other words, the American Tobacco Company.

At The National Capital.

State Department officials are encouraged by additional advices to hope Colombia will find a way to agree on the canal project.

Four pouches of mail seized during the Spanish war are being forwarded to their destinations in Cuba and Mexico.

In a week's operation no friction has occurred in the army system due to the introduction of the General Staff Corps.

Democrats in Washington are beginning to figure on Judge George Gray, of Delaware, as a Presidential possibility.

The Board on Construction of the Navy approved a plan to install turbine engines in the proposed scout ships.

Republican leaders say the calling of an extra session of Congress on the eve of an election to take up financial legislation is bad politics.

Sixty-five members of the next United States Senate are lawyers, one is a civil engineer, two are doctors and the others bankers, miners, business men and politicians. The average age is 56. Senator Pettus, of Alabama, the oldest; is 82, and Senator Bailey, of Texas, the youngest, is 40. Twenty-five members fought in the civil war. Of college graduates there are fifty-five. Seven members of the Senate were born in other counties.

At The North.

None of the restaurants in Chicago were forced to close as a result of the cooks and waiters' strike, many employes refusing to obey the order to quit work.

S. B. Roath, a Chicago millionaire, divided half his wealth, about $1,000,000, among his relatives at Norwich, Conn.

The $3,000,000 Philippine certificates were awarded to a New York firm at 102.24.

The Democratic State Convention of Ohio, in session at Columbus, nominated Tom L. Johnson for Governor by acclamation and indorsed the Kansas City platform.

From Across The Sea.

James Lynchbaum, charged with attempted murder in Ireland, was, after twice escaping, tracked to Indianapolis, Ind., and arrested.

Details of the conflict at Krusehevo, Macedonia, show that the city was sacked three days by the Turks.

It is now believed that 25 lives were lost in the fire Monday night in Budapest.

The report of the British Commission on the South African war states that the number of British troops engaged in the war was 448,435.

A new British battleship was christened the Dominion by Princess Louise, at its launching at Barrow.

In the hearing of the Whitaker Wright case in London, an examiner testified as to alleged falsifying of books by the promoter.

M. von Plehive, Russian Minister of the Interior, wrote a letter to the Congress of Zionists at Basel, Switzerland, conditionally promising aid to the Zionist movement.

Professor Matzen, of Copenhagen, following Dr. Lardy's example, declined the Czar's appointment as one of the three arbitrators in the Venezuelan difficulty.

Miscellaneous Matters.

As a result of the unfavorable Government crop report cotton prices again went upward in the New York Exchange.

Judge William H. Taft, Governor of the Philippines, will succeed Elihu Root as Secretary of War about January 1, and Gen. Luke E. Wright will become Governor of the archipelago.

The army claims victory over the navy in the war game at Portland, Maine.

The board of conciliation for the anthracite region continued its meetings in New York and settled a number of question.

Five thousand persons attended a reunion of the Smith family at Peapack, New Jersey.

John F. Finnerty, president of the United Irish League of America, issued an address in which he says the land bill is a prelude to a coming struggle for an independent Parliament.

Henry Frederick returned to New York after a tour around the world in 54 days 7 hours and 20 minutes.

A united society of all men who served in the German army and called the United Kriegerbund was organized at Terra Haute, Ind., and Richard Muller, of New York, chosen president.

Kolb's bakery, the largest in Philadelphia, was burned, at a loss of $150,000.

The Turkish Government called out a large force of additional troops for service in Macedonia.

A great fissure opened in the side of Vesuvius and a stream of lava issued forth.

The Zionist Congress at Basle, Switzerland, voted to send a committee to East Africa to investigate the British colonization offer.

Menotti Garibaldi was buried at Carano, Italy.

JOHNSON WINS OUT

Zimmerman's Name Not Presented in Democratic Convention

IS NOMINATED BY ACCLAMATION

The Ohio Democrats Get Together on a Platform and Nominate a Ticket—Harmony Prevailed.

Columbus, O., Special.—The Johnson programme was carried out completely Wednesday in the Democratic State convention. Although the opposition obstructed the proceedings with minority reports for some hours, the name of John L. Zimmerman, of Springfield, was not presented for the gubernatorial nomination and every nomination on the State ticket, including Mayor Tom L. Johnson for Governor, was made by acclamation. After the chairman announced that the name of Mayor Johnson was the only one before the convention for Governor there were some dissenting Zimmerman votes on the motion to make the nomination unanimous, but the Zimmerman supporters subsided after the selections for Governor and Senator were made. The following ticket was nominated: Governor, Tom L. Johnson, of Cleveland; Lieutenant-Governor, F. B. Niles, of Toledo; Attorney General, Frank S. Monnett, of Washington Court House; Auditor, Chas. A. Kleebe, of Waponekta; Commissioner of Schools, J. E. Secrist, of Ottawa; member of board of public works, W. B. Jones, of Ironton; Supreme judge, E. J. Dempsey, of Cincinnati. John H. Clarke, of Cleveland, was endorsed for United States Senator.

More Outrages.

Sofia, By Cable.—A private telegram from Dubnitza says that a number of Bulgarian officers, leading a band of of 150 insurgents, recently forced their way past the Turkish post at Kekia and now occupy an unassailable position.

Rumors are current here of serious massacres at Vasiliko and Kirk-Kilissek. Three hundred persons are said to have been killed. Details and confirmation are lacking. An immense mass meeting of Macedonians took place here Wednesday. The proceedings were most enthusiastic. It was resolved that a memorandum should be presented to the representatives of the great powers at sofia, urging their governments to take action. The Macedonian committee has issued a black boardered list of 70 villages which have been pillaged and destroyed in the villayet of Monastir, to which are added instances of revolting outrages perpetrated on women. The publication of the sheet has created a sensation. No news has been received in official circles today from the interior of Macedonia. The revolutionists at Kruschevo have quick-firing guns. In a fight which has just occurred in that district the insurgents defeated and slaughtered an entire detachment of 80 soldiers.

A Political Fight.

Little Rock, Ark., Special.—Judge Carroll L. Wood, of the Arkansas Supreme Court who is opposing Governor Davis as a candidate for a third term, knocked Governor Davis off a speaking stand, four feet from the ground, during the campaign meeting at Bismarck. Governor Davis was not hurt, and friends prevented further trouble. Judge Wood was immediately arrested on a charge of assault and battery. Governor Davis publicly asked Judge Wood questions, and before they could be fully answered, interrupted with more questions, which so angered Judge Wood that he knocked Governor Davis from the platform. Later the matter was adjusted, and Judge Wood returned to Little Rock.

Derelict Reported.

New Orleans, Special—The Norwegian steamer Nicaragua from Bluefields, reports in latitude 24.08 north, longitude 87.02 west, passed the derelict bark John R. Stanhope, lumber laden, with sterm gone and cargo washing out. Lower fore and mizzen masts standing, with yards on foremast. Bowsprit and jibboom standing, two houses on deck badly broken. She is in the track of vessels bound to and from Central American ports.

Seven Drowned.

South Norwalk, Con., Special.—The schooner Willie L. Newton, of Bangor, Me., capsized off Norwalk Light during the storm last night and the crew, believed to number seven men, were drowned. One body has been recovered. The wreck was sighted by Capt. Walter Miner, of the ocean-going tug Patience, of New York, as his vessel was towing barges from New York to Providence. He attached a line to the keel and brought the vessel into Wilson's Cove. The condition of the wreck indicates that the head sails had been blown away and that the lower sails were being furled at the time the schooner was capsized.

Vesuvius in Eruption.

Naples, By Cable.—The people of Naples and environs witnessed a remarkable spectacle at noon Wednesday. One thousand feet below the central cone of Vesuvius, the volcano opened like a huge mouth, one of which belched a fierce stream of lava, which ran down the side of the mountain and at first seemed to menace the observatory. This building, however, is protected in the direction of the stream by a mound of lava 200 feet high, which was thrown out during the eruptions of 1895 and 1900.

"LAWLESSNESS WALKED THE STATE LIKE A PESTILENCE."

GOVERNOR AYCOCK STATED IN HIS INAUGURAL ADDRERS THAT UNDER, AND THEREFORE BY IMPLICATION IN CONSEQUENCE OF, FUSION RULE "LAWLESSNESS WALKED THE STATE LIKE A PESTILENCE, CRIME STALKED ABROAD AT NOONDAY, SLEEP LAY DOWN WITH ALARM AND THE SOUND OF THE PISTOL WAS MORE FREQUENT THAN THE SONG OF THE MOCKING FIRD." HOW STANDS THE CASE TO-DAY GOVERNOR? HAVEN'T THE ACTS OF THREE RED SHIRT LEGISLATURES AND MORE THAN TWO YEARS OF YOUR OWN BENEFICENT RULE PASSED INTO HISTORY SINCE YOU PROCLAIMED THE FOREGOING? WHEN YOU ARE CAVORTING OVER THE STATE WHOOPING FOR EDUCATION AND ROADS DON'T YOU HEAR OF MORE CRIMES BEING COMMITED IN NORTH CAROLINA THAN EVER BEFORE AND DO YOU CONTINUE TO ATTRIBUTE THESE TO FUSION RULE?

A PROBLEM FOR THE TAX-PAYERS.

The question of high taxes has become a serious one with the taxpayers in North Carolina. A great deal of property has been assessed at more than its real value, while some of the democratic "pets" have not been assessed so high. We know of some property in Wake county that has been assessed by the new board of assessors at a great deal more than it cost, and more than it could possibly be sold for today, while we have heard of other property in the county owned by a democratic official that is assessed at not more than half its true value, Why this discrimination? We take the following excerpt from last weeks Biblical Recorder:

"We will pass by the recent astonishing assessment in Raleigh levied by three men who were no more famous for good judgement than they were for owning property, and who seemed to be guided by the most optimistic views of the price of real estate within our city's sacred and unchangeable limits. We say we will pass by these gentlemen with the remark that their work has done our city an injury irreparable; and it should be a warning henceforth to County Boards to select as assessors men whose judgment of the value of property has had practical exercise in the cold and shrinking realities of possession plus repairs, taxes insurance and care."

(The above is on a par with some of the democratic registars in the last election. Men were appointed as registrars to judge whether other men could read and write correctly, before being allowed to vote, who could not read and write correctly themselves.) This is some of the fruits of democratic "good government." Further on the Biblical Recorder says.

"The extent to which taxation has been carried in our towns amounts to nothing less than an abuse and a wrong. We can never have cities under present conditions One cannot afford to own less than $250,000 worth of property in one of our towns. Owning less, he must work like death or flee to the country to make both ends meet."

To flee to the country would simply be jumping out of the frying pan into the fire. The farmers have been visited by the tax assessors also and in the future when they need extra money for democratic extravagance the farmers will have to pay for the extra touches. In clouclusion the Recorder says:

"We must bring into office men who will conduct our affairs with economy; who will levy taxes equitably; who will revise our present system intelligently,—to the end that citizens may with good conscience render unto the State, country and city a just tribute."

The Recorder is right we must bring men into office who will conduct our affairs with economy, but the voters of the State will have to employ some other method than the Simmons-Aycock ballot-box stuffing machine.

The first bale of new cotton was sold in Goldsboro last week for 11½ cents. It was grown on the farm of Mr. Offie Sutton in Sampson. Sampson has the right kind of farmers as well as the right kind of politics.

Some of the papers in the State are wondering why chief Justice Walter Clarke listed his salary for the income tax last year and did not list it this year.

Monday Sept. 7th is Labor Day and is a legal holiday.

CONFEDERATE REUNION.

Official Order for Next Reunion in Raleigh, october 21st.

Headquarters North Carolina Division, United Confederate Veterans, Durham, N. C., August 29, 1903.

General Orders—No. 23:

Paragraph 1 The next annual reunion of the North Carolina Division of the United Confederate Veterans will be held near Raleigh, on Wednesday, the 21st of October, at which will be held the annual election of division and brigade commanders. Only delegates from camps which are reported by Adjutant-General W. E. Mickle as having paid their dues will be entitled to vote. The attention of camp commanders is especially called to this, and they are requested to see at once that their camp dues are paid as required by the constitution of the United Confederate Veterans.

Par. 2. Governor Aycock has loaned the tents and cooking utensils of the State Guard, which will accomodate 1,000 men, and a fund has been raised sufficient to provide clean straw for the tents and bread and coffee for the men, but they must provide themselves with other rations and bedding. The camp will be ready for occupancy on Tuesday afternoon, the 26th of October. Comrade Jacob S. Allen, of Raleigh, is hereby appointed Assistant Quartermaster General with the rank of Lieutenant Colonel, who will have charge of the arrangement of the camp, and to whom all camps will report the number of men for whom they wish quarters reserved.

Par. 3. All ex-Confederate soldiers in North Carolina of good standing are invited to this reunion, but in order to exclude unworthy persons every veteran is required to carry with him a certificate from his camp commander or from the clerk of the Superior court, certifying that he is a veteran in good standing

Par. 4. North Carolina's four living Ex-Confederate Generals, Hoke, Ransom, Cox and Roberts, have been invited and are expected to attend this reunion and meet once more the brave men whom they so gallantly commanded in the greatest of mordern wars. General John B. Gordon has been invited to deliver his address on "The Last Days of the War," for which an admission fee of fifty cents will be charged.

Par. 5. Miss Mary Armistead Jones, a grand-daughter of General L. O'B. Branch, is appointed division sponsor for this reunion and each brigade and camp commander is requested to appoint a sponsor.

Par. 6. The railroad companies will give a rate of one fare for the round trip, and all veterans joining in the grand parade will be admitted free into the fair grounds.

Par. 7. A full attendauce is desired and as can are requested to wear their uniforms. This will be the last opportunity that many will ever have to meet their old comrades and "fight o'er their battles" again.

By order of

GEN. J. S. CAR.

H. A. LONDON,
Adjt.-Gen. and Chief of Staff.

All State papers will please copy.

The Statesville Landmak says:

"It is announced that Judge Clark, who last year listed his salary for the income tax amid a blare of trumpets did not list it this year. Judge Clark was a candidate last year: he is not this year. Has that anything to do with it? Can such things be, and overcome us like a summer cloud?"

The Judge doubtless overlooked the matter owing to the pressure of duties in connection with his position as defender of the common people against monopolistic greed represented by "them railrode fellers."—Charlotte Observer.

"Destroy this."

FRED: "Don't you think a girl should marry an economicial man?" Dolly: "I suppose so: but I find it awful being engaged to one"—Illustrated Bitts.

Ripped Him Open With Knife.

Winston-Salem, N. C., Sept. 1.—Douglass Hairston, colored, entered the room of a colored woman named Zell Taylor, in west Winston, at 1 o'clock this morning. He refused to tell his name and the woman seized a big carving knife and disemboweled Hairston. He ran a block before he fell. He died today. The girl was arrested but Mayor Eaton says he will release her if evidence is not produced tomorrow showing that she was not justified in assaulting Hairston.

"It Was A Burning Shame."

Reports H. Haggins of Melbourne, Fla., but as soon as my doctor learned of my inability to pay he told me I had consumption and nothing could be done for me. The offer of free trial bottles of Dr. King's New Discovery for consumption inpuced me to try it. Results were startling. I'm now on the road, to recovery and owe all to Dr. King's New Discovery. It's the best medicine on earth for Consumption, Coughs and Colds. Guaranteed Druggist Price 50c, $1.00. Trial bottles free.

SUFFERER: "Do you extract teeth without pain?" Dentist: "Not always. I sprained my wrist on one a couple of days ago, and it hurts yet."—Sit-Bits.

Suicide Prevented.

The startling announcement that a preventive of suicide had been discovered will interest many. A rundown system, or despondency invariably precede suicide and something has been found that will prevent that condition which makes suicide likely. At the first thought of self destruction take Electric Bitters, it being a great tonic and nervine will strengthen the nerves and build up the system. It's also a great stomach, Liver and Kidney regulator. Only 50c. Satisfaction guaranteed by Druggist.

Winston Salem, N. C., Sept. 1.—Near Ridgeway, Virginia, at 12 o'clock today, Engineer S. H. W. Lucus, of the incoming passenger train from Roanoke, Virginia on the Norfolk and Western road, was killed and his fireman, J. M. Stafford, was perhaps fatally scalded.

The Death Penalty.

A little thing sometimes results in death Thus a mere scratch: insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica Salve ever handy. It's the best Salve on earth and will prevent fatality, when Burns, Sores, Ulcers and Piles threaten. Only 25c, at Drug Store.

"THAT new Borelli comet has tails." "Beautiful equipment for fly time, isn't it?"—Cleveland Plain Dealer.

Puts an End to It All.

A grievous wail of times comes as a result of unbearable pain from over taxed organ. Dizziness, Backache, Liver complaint and Constipation. But thanks to Dr, King's New Life Pills they put an end to it all. They are gentle but thorough. Try them. Only 25c Guaranteed by Drug Store.

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Charles Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully, and spit blood, but, when all other medicines failed, three $1.00 bottles of Dr. King's New Discovery wholy cured me, and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c. and $1.00. Trial bottles free at all drug stores.

WEEK END RATES VIA S. A. L.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre, of Sheperdtown, W. Virginia, says: "I had a severe case of Bronchitus and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It is infallible for Croup, Whooping Cough, Grip, Pneumonia Consumption, Try it. It is guaranteed by all druggists. Trial Bottles Free. Regular size 50c. $1.

SEVEN YEARS IN BED.

"Will wonders ever cease?" inquire the friends of Mrs L. Pease, of Lawrence, Kan. They knew she had been unable to leave her bed in seven years on account of kidney and liver trouble, nervous prostration and general debility; but, "Three bottles of Electric Bitters enabled me to walk," she writes, "and in three months I felt like a new person." Women suffering from headache, backache, nervousness, sleeplessness melancholy, fainting and dizzy spells will find it a priceless blessing. Try it. Satisfaction is guaranteed. Only 50 cents.

SAVES TWO FROM DEATH.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but, when all other remedies failed we saved her life with Dr. King's New Discovery. Our niece who had consumpsion in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for coughs and colds. 50c and $1.00 bottles guaranteed. Trial bottles free.

PEARSON'S MAGAZINE For 1903

Here are a few of the features now running or soon to appear. Their titles and authors speak for themselves and insure interesting reading:

The Picaroon—A Romance of Roguery, by GELETT BURGESS and WILL IRWIN.
Sir Henry Morgan's Buccaneer, by CYRUS TOWNSEND BRADY.
True Political Stories—Include The Plot to Kidnap Lincoln and Jackson's Quarrel with Calhoun, by EDWARD VALLANDIGHAM.
People You Know—Roosevelt in College, by EVERT JANSEN WENDELL; My First Graduate—Theodore Roosevelt, by ARTHUR H. CUTLER; Tom Nast—Cartoonist, by ALBERT BIGELOW PAINE.
Startling Disclosures of European Courts—These sensational revelations of an international spy throw light on the Dreyfus Mystery; The Peace Rescript of the Czar; Who Really Killed King Humbert; The Late Greek-Turkish War.
Mainly About Women—Reviewing each month what woman has accomplished individually and by organized effort.
Jerome vs. Crime—The thrilling story of how District Attorney William Travers Jerome has undertaken, single handed, the desperate task of ridding New York City of its vice and crime, will create a far-reaching sensation. It is not possible for this story to be told in its entirety at once. The first portion will appear in April PEARSON'S, out March 15th, while the two remaining installments will appear in the issues of May and June.

BOOK BARGAINS Every PEARSON subscriber enjoys a special privilege of buying standard books at exceptionally low prices. This plan includes practically the entire fiction product of every American book publisher. Special bargains, the following being specimens, will be offered each month.

Abraham Lincoln's opinion of these Historical Celebrities: "I want to thank you and your brother for Abbott's Series of Histories. I have not education enough to appreciate the profound works of voluminous historians; and if I had I have no time to read them. But your Series of Histories gives me, in brief compass, just that knowledge of past men and events which I need. I have read them with the greatest interest. To them I am indebted for about all the historical knowledge I have."

PERSOAL TO SUBSCRIBERS

WE WILL SEND to every subscriber or reader of THE CAUCASIAN a full sized ONE DOLLAR package of VITÆ-ORE, by mail, POSTPAID, sufficient for one month's treatment, to be paid for within one month's time after receipt if the receiver can truthfully say that its use has done him or her more good than all the drugs and dopes of quacks or good doctors or patent medicines he or she has ever used. READ this over again carefully, and understand that we ask our pay only when it has done you good, and not before. We take all the risk; you have nothing to lose. If it does not benefit you, you pay us nothing Vitæ-Ore is a natural, hard, adamantine rock-like substance mineral Ore—mined from the ground like gold and silver, and requires about twenty years for oxidization. It contains free iron, free sulphur and magnesium, and one package will equal in medical strength and curative value 800 gallons of the most powerful, efficacious mineral water, drunk fresh at the springs. It is a geological discovery, to which there is nothing added or taken from. It is the marvel of the century for curing such diseases as Rheumatism, Bright's Disease, Blood Poisoning, Heart Trouble, Diphtheria, Catarrh and Throat Affections, Liver, Kidney and Bladder Aliments, Stomach and Female Disorders, La Grippe, Malarial Fever, Nervous Prostration and General Debility, as thousands testify, and as no one, answering this, writing for a package, will deny after using. Give age, ills and sex.

This offer will challenge the attention and consideration, and afterward the gratitude of every living person who desires better health, or who suffers pains, ills and diseases which have defied the medical world and grown worse with age We care not for your skepticism, but ask your investigation, and at our expense, regardless of what ills you have, by sending to us for a package. You must not write on a postal card.

In answer to this, address THEO. NOEL COMPANY DEPT. L. F., 527, 529, 531, W. North Ave., Chicago, Ill

Half a Billion a Year to American Cotton Growers

When the wheat crop or the corn crop is below the normal yield, in part at least, substitutes can be provided, but for cotton there is no substitute. After it has left the the field, it affords employment in its manufacture to over a million operatives, besides the hundreds of thousands employed in the making of machinery and in other work connected with this industry. The capital invested in the cotton interests of the world has been estimated to exceed two billion dollars. The world's production of cotton has averaged, for the last six years, 13,470,000 bales of 500 pounds each, of which the South has produced during that time an average of 10,023,000 bales, or 75 per cent. The South is now producing an average of about ten and a half million bales a year. The largest crop which it ever raised was 11,274,840 bales, in 1898; but owing to the very low prices then prevailing, its value was the smallest for any year since 1878. In that year the yield was 5,074,155 bales, but this gave to the cotton planters of the South $236,586,000, while the eleven million-bale crop of twenty years later brought $282,772,000. From the low prices of 1898 there was a sharp rally, and the crop of 1900, running to ten and a third million bales, was valued at $494,567,000, and that of the following year at $452,000,000. To these figures should be added the value of the seed, now averaging about $80,000,000 a year, making the true value of the cotton crop to the farmers during the last two or three years between $500,000,000 and $575,000,000 a year.—From "The Cotton Crop of To-day," by Richard H. Edmonds, in the American Monthly Reviews of Reviews for September.

A Dangerous Tobacco Disease.

A very destructive tobacco disease has recently broken out with extreme violence in certain portions of the State. It is the desire of the Station to accumulate all information concerning the disease which may lead to a checking of its ravages. The point now most to be desired to find out how widely the disease is distributed over the State. To that end we request that all people interested in tobacco growing, who are troubled with any disease of their tobacco plants will send specimens consisting of the lower part of the stem and the roots to the Station. We particularly desire these specimens if the disease consists of the wilting of the leaves, accompanied by a brown color in that portion of the stem just inside of the bark. We urge upon all tobacco growers the importance of notifying the Station immediately after this disease appears in the neighborhood so that we may advise as to the means of preventing its spread. Two diseased stalks in the field this year may mean the loss of the entire crop the next year you put tobacco on the field.

F. L STEVENS,
Biologist.

Raleigh, N. C.

Greensboro's Contribution to the Penitentiary.

Greensboro, N. C., Aug. 31.—Deputy Sheriffs Jones, and Barker left for Raleigh this morning taking to the State penitentiary four prisoners, sentenced at last week's term of court here. In the group were Harry Leach, one year for larceny, Tom Jackson, ten years for burglary in second degree, D. W. Wright, two years for bigamy. All these were white, and Leach and Wight, who were first sentenced to work on the roads, hated to go there so bad they procured certificates from the county physician, stating that they were diseased and Judge Brown changed the punishment to confinement in the penitentiary.

The fourth prisoner, was Mary Latta, sentenced to thirty years for murder of her husband With the woman was her six month old infant. Arrangements have been made, for the child's grandmother, who lives in Raleigh, to take the child as soon as it quits nursing. Forty two defendants were sent to work on the public roads.

Whatever may be the most important period in a man's life—whether he concentrate his wisdom on the choice of a wife or the choice of a profession—it is certain that in a woman's life the crucial period occurs when she is called upon to select a husband. In The Cosmopolitan for September, Lavinia Hart discusses the problem of how to win a man, and how to hold his love.

MISS SMART: "Have you ever been through algebra?" Willie Chumply: "Yes; but it was in the night and I didn't see much of the place."—Illustrated Bits.

VISITOR: "What kind of climate do you have here usually?" Chicago Man: "Well, if you stay a week yon can have every kind there is."—Chicago Tribune.

REMEMBER THE STATE FAIR.

Don't forget the date of the State Fair, from Oct. 19, to 24th. This will be a fine opportunity to meet your friends from all over the State. It it said the racing this year will be the best yet.

HORRIBLE DEATH OF MISS NORA CURTIS.

Asheboro, N. C., Sept. 1.—The Southern Railway engine ran over and killed Mrs. Nora Curtis, wife of Chas Curtis, at a railroad crossing here to-day at 1 o'clock. Mrs. Custis is a daughter of E. L. Hammer. She was driving in a buggy, and just as the engine and tender came down to the Asheboro Lumber Company's crossing she either tried to jump from the buggy or was thrown out by a sudden lunge of the horse. The body was almost cut in two at the waist. Neither the horse nor the buggy was touched by the engine.

A Great Factory For Greensboro

Greensboro, N. C, Sept 1.—Mention was made in this correspondence a month ago, of a proposition being made by a synicate of Eastern capitalists that if Greensboro citizens would take stock to the extent of fifty thousand dollars, a $250 000 manufacturing plant would be located here. The stock was subscribed two days, and Mr. W. J Young, formerly connected with the Greensboro Supply Co, but now of Atlanta, who is at the head of the movement is here on business connected with the organization of the company.—News & Observer.

Catholic Children May Not Attend Charlotte Public Schools.

Charlotte, N. C., Aug. 31.—As the result of an order of the school commissioners of this city compelling the daily reading of the Bible in the graded schools passed at the last regular meeting of the board, it is probable that not a single child of Catholic parents will attend the next session of the Charlotte public schools.

The Catholics hold that it is unjust to compel their children to listen to the reading of the Protestant version of the Bible in schools supported by public taxes.

EX-SHERIFF ASSIGNS.

Goldsboro, N. C., Sept. 1.—Ex-Sheriff B. F. Scott has made an assignment to Mr. John W. Aycock, of Fremont, one of his bondsmen, who is named as trustee for all his creditors. The total amount of indebtedness will amount to something like 15,000 of which he owes the State for back taxes about $9,000. The only other debtor of consequence is Mr. T. E. Yelverton, of Fremont, who holds a mortgage on real estate for $3.600.

TEACHEY IS ARRAIGNED.

Goldsbor, N. C., Aug. 31.—In Duplin County Superior Court in Kenansville this afternoon Dan Teachey was arraigned for killing Bob Rivenbark near Wallace in Duplin County last May. A special venire of two hundred men was ordered from which to select the jury. The prisoner pleaded not guilty and the case was set for Wednesday.

Charged With Assault.

Winston-Salem, N. C., Aug. 26.—Wesley Stevens, colored, aged about fifty years is in jail awaiting trial on the charge of attempting to commit the nameless crime upon Nannie Holmes, an eleven-year-old colored girl.

Wake Forest, N. C., Aug. 26.—The college opened this morning with 193 students registered.

Two Men Indicted For Peonage.

Montgomery, Ala., July 27.—This afternoon James H. Dodd and Anderson A. Hardy, white citizens of Tallapoosa county, who were indicted by the federal grand jury for peonage, pleaded guilty to all the indictments, There were five indictments against each. Judge Jones accepted the pleas of guilty and fined each of them $1,000 in one case and action in the other cases was deferred. The Judge ordered that if the fines were not paid they be confined in the jail until they were paid.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

What this Boy's Mother Says

has been said by the mothers of many other boys and girls, regarding the wonderful curative and strengthening qualities of

Dr. Miles' Nervine

HASTING, NEB.

"Our little boy, Harry, had spasms for 3 years and we feared the disease would affect his mind. Though we doctored continually he grew worse and had ten spasms in one week. Our attention was directed to Dr. Miles' Nervine and we began its use. When he had taken the fourth bottle the spasms disappeared and he has not had one for five years. His health now is perfect." MRS. B. M. TINDALL.

Dr. Miles' Remedies are sold by all druggists on guarantee to benefit or money refunded.

MISS MONIE BOWEY,

No. 38 Perry Street, DETROIT, MICHIGAN.

Miss Monie Bowey.

A couple of winters ago I slipped on a frozen sidewalk and fell flat on my back. On being examined I found that I had sustained internal injuries which laid me up for more than two months. After that I noticed that I had pains in the back and groin which I never had before. I doctored and doctored for several months but as the pains increased instead of growing better I decided that I was not having the right treatment. Reading in the papers of the wonderful cures performed by Wine of Cardui I wrote to one of the parties and received a very satisfactory reply and I immediately sent for some. In a very short time I felt generally better and after seven weeks faithful use I was once more well and strong. I have never had a sick hour since and I daily bless your splendid medicine.

MONIE BOWEY.

WINE OF CARDUI is one medicine that should always be kept on hand in every home for immediate use when female weakness first makes its appearance. Miss Bowey's painful and dangerous accident would not have resulted so seriously had she taken Wine of Cardui promptly.

Wine of Cardui makes women more womanly by curing their weakness and making them stronger. Wine of Cardui cured Miss Bowey. As a medicine for all women in every trying period of their lives can you think of a better medicine for yourself, your sister, your daughter or your mother? Can you think of a more acceptable present to give your friend than a bottle of this medicine which will bring her health and happiness? You are suffering? Your duty is to rid yourself of this pain. If your daughter, mother, sister or friend is sick and in need of relief, your duty is equally great to them. Many women, now well, owe their lives to friends who brought them Wine of Cardui.

Wine of Cardui is adapted to women at any age in any walk of life. For the working woman it gives her strength for her tasks and better treatment than a doctor for very small cost.

Your druggist will sell you a $1.00 bottle of Wine of Cardui. Secure the medicine today. Take it in the privacy of your home. Relief will come to you as surely as you take it.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

R·I·P·A·N·S
A Ripans Tabule taken occasionally will keep the body clean within, resulting in a healthy and pleasing appearance without.
It is a good sensible plan to keep the body up to the high water mark of good health all the time.
The person who uses Ripans Tabules feels good all the time, they regulate the bowels and keep the stomach in good condition, and when the stomach digests the food properly, the chances of getting sick are lessened.
The little five cent cartons hold ten doses and they are convenient to carry.

Death overtakes us all, and then comes the undertaker.

I am sure Piso's Cure for Consumption saved my life three years ago.—MRS. THOMAS ROBINS, Maple St., Norwich, N. Y., Feb. 17, 1900.

All men may be born equal, but only a few get to the top.

The Bobbitt Chemical Co.,

Baltimore, Md., manufactures RHEUMACIDE, which is said to possess unusual merit, and makes permanent cures of that dread disease, rheumatism, which is a very common, painful and dangerous disease. The sale of this remedy is increasing at a rapid rate, which fact is excellent evidence of its intrinsic worth.

A High Grade School for Boys.

Pupils from Michigan to Texas have already been enrolled for the coming session at the Fishburne Military School, Waynesboro, Va. Persons interested in the school question would do well to send for a catalogue of this high grade school for boys.

Gray Hair

"I have used Ayer's Hair Vigor for over thirty years. It has kept my scalp free from dandruff and has prevented my hair from turning gray."—Mrs. F. A. Soule, Billings, Mont.

There is this peculiar thing about Ayer's Hair Vigor—it is a hair food, not a dye. Your hair does not suddenly turn black, look dead and lifeless. But gradually the old color comes back,—all the rich, dark color it used to have. The hair stops falling, too.

$1.00 a bottle. All druggists.

If your druggist cannot supply you, send us one dollar and we will express you a bottle. Be sure and give the name of your nearest express office. Address, J. C. AYER CO., Lowell, Mass.

FREE! TO WOMEN
A Large Trial Package of
PAXTINE TOILET ANTISEPTIC

A NEW SPECIALTY FOR WOMEN.

Internal cleanliness is the key to woman's health and vigor. Inflammation, Soreness, Pelvic Catarrh cannot exist with it.

Paxtine used as a vaginal douche is a revelation in combined cleansing and healing power. It kills all disease germs. In local treatment of female ills it is invaluable. Heals Inflammation and cures all discharges. Never fails to cure Nasal Catarrh. Cures offensive perspiration of arm pits and feet. Cures Sore Throat, Sore Mouth and Sore Eyes.

As a tooth powder nothing equals it. Removes Tartar, Hardens the Gums and whitens the teeth, makes a bad breath sweet and agreeable.

Thousands of letters from women prove that it is the greatest cure for Leucorrhoea ever discovered. We have yet to hear of the first case it failed to cure.

To prove all this we will mail a large trial package with book of instructions **absolutely free.** This is not a tiny sample, but enough to convince anyone.

At druggists or sent postpaid by us, 50 cts. large box. Satisfaction guaranteed.
The R. Paxton Co., Dept. 35, Boston, Mass.

RIPANS TABULES

Ripans Tabules are the best dyspepsia medicine ever made. A hundred millions of them have been sold in the United States in a single year. Every illness arising from a disordered stomach is relieved or cured by their use. So common is it that diseases originate from the stomach it may be safely asserted there is no condition of ill health that will not be benefited or cured by the occasional use of Ripans Tabules. Physicians know them and speak highly of them. All druggists sell them. The five-cent package is enough for an ordinary occasion, and the Family Bottle, sixty cents, contains a household supply for a year. One generally gives relief within twenty minutes.

CAPUDINE CURES COLDS and FEVERISH CONDITIONS.
10, 25 and 50 cents, at Drugstores.

If afflicted with weak eyes, use **Thompson's Eye Water**

IS YOUR HEALTH VALUABLE?

Disease is always a handicap; it unfits men for business and pleasure—sometimes temporarily often permanently. Life is a continuous struggle, and the man or woman afflicted with a Chronic Disease is outclassed at every turn. In this age of sharp competition, no man can hope to be successful unless sound in mind and body.

DR. HATHAWAY.

During my long career as a specialist, I have seen thousands who are carrying around some obstinate chronic disease as a burdensome companion, which they could easily rid themselves of by the proper treatment. Any honest physician will tell you that these diseases are stubborn and obdurate, and a special knowledge is required to treat them successfully. My special fitness for treating Chronic Diseases has been acquired by twenty years of close application, devoted exclusively to their study and treatment. I have treated more cases than any other physician in the United States, and I thoroughly understand just what is required in each case. My specialty includes all chronic diseases, such as Stricture, Varicocele, Blood and Skin Disease, Bladder and Kidney Complaints, Diseases of Women, etc., and my original method of treatment has proven successful in even the most obstinate cases.

I CAN CURE YOU AT HOME.

If I have perfected a system of home treatment which enables me to cure you at your own home, as I have thousands of others. Write me fully about your case, and send for complete symptom blanks. Correspondence confidential. Address J. NEWTON HATHAWAY, M.D.

Farm Topics

WHEN WHEAT LOOKS WEAK.

If the wheat looks weak broadcast 100 pounds of nitrate of soda per acre over it, and a change in its appearance will be noticed in a few days after the first rain comes from time of sowing. The wheat plants will become green and make rapid growth. The cost of the fertilizer will be about $2.50 but it will increase the yield of grain and straw more than to repay for its use.

GRASS FOR PIGS.

The pigs should be turned on grass as soon as they are weaned and the grass is ready. They will then require no feeding, except a mess of ground oats mixed with middlings, which should be given at night. Corn is too heating for the pigs during the summer season, and will do more injury than benefit. Plenty of grass, with an abundant supply of fresh water, is the best food from now until fall.

SHEEP ON SMALL FARMS.

It is a mistaken idea to suppose that large areas are required on which to raise sheep. It is true that it will not do to crowd too many on a small area with any idea that they will get their living from the vegetation there, but if, say, one hundred sheep were to be kept on fifteen or twenty acres, properly handled, together with proper feeding, would bring desirable results. Taking twenty acres as the area to be used, it would be a good plan to divide this into three fields; two fields of five acres each and one ten-acre field. The five-acre plots should be sown in rape or some other special feeding crop, and the ten-acre field used for general grazing. In this plot there should be shade and water, and the grain feeding should be done here also. The fields of rape should be used alternately; that is, give the flock of sheep access to one field four or five hours a day for one week, then to the other field in the same manner. If these fields were profitably pastured the result of the droppings would make them sufficiently rich for almost any crop when it was desired to use them in that way, which could be done by having movable fences, so that other fields could be used for the sheep in other years.

REINS ON A THREE-HORSE TEAM

Put the reins on the outside hames and snap outside reins as usual. Snap the inside rein to the bit of the inside or third horse. Tie a light cord or strap from the bits of the outside horses to the harness of the middle horse. The horses are then not worried by the swinging of heads. In this way three horses drive just as well as two.

Many who have attempted to get a stand of crimson clover have failed and have given up attempting the work. This is a mistake, for if one get a crop of crimson clover to turn under, the cost of farm fertilizers may be matierally reduced. A good plan is to sow crimson and red clover mixed, at the rate of six to eight quarts per acre, doing the work just before the last cultivation of the corn and seeing that the cultivation is very shallow. In many cases the stand of clover will be good and it will go through the winter in fair shape and, when plowed under, the following spring, will add greatly to the fertility of the soil. It might pay, in sections where poor results have come from crimson clover, to sow rye in place of clover and then try the clover another year. Or cowpeas may be used in place of rye or clover, and then the clover tried the following year. It pays to keep on experimenting until one is able to get a stand of crimson clover.

NESTS FOR LAYING HENS.

The experienced poultryman has his houses so arranged that there is no lack of space for every comfort designed for the fowls. Especially does he look out for a good arrangement of the nests, placing them where they are most easy of access for both himself and the hens. The farmer, on the other hand, is inclined to permit the hens to lay anywhere that suits them, and, as a result, he is afflicted with hens with a desire to brood nearly all summer. When he collects the eggs he frequently misses nests that have been carefully stowed away in some dark corner, and when he does find it he finds either a setting hen or a lot of spoiled eggs. Laying hens are quite given to liking nests that are clean and quiet, and if such nests are supplied there will be no trouble in securing every egg soon after it is laid, and at the smallest possible expense of time. At this season of the year unusual care must be taken that the nests are clean and free from lice, particularly if there are many young chicks about that would come in contact with the older hens. A cool nest may be made by filling in the bottom of the box with dry sand, and covering this sand an inch thick with clean straw, changing the straw every ten days and the sand once a month. Once a week a good sprinkling of some insect powder through the nest will do much to keep down the vermin.

New York's Unique Building.

New York is to have a building 40 feet long, 26 feet wide and 17 stories high.

Corn as Fuel.

In a general way, it has been recognized there that when corn was abundant and cheap and coal was expensive, the former made a cheaper fuel than the latter, although no scientific determination of their relative efficiency had been made until a short time ago, when tests were made by the Department of Agriculture of the University of Nebraska. These showed among other things that corn, if burned, will yield from 22,512,000 to 45,024,000 units, not counting the heat that could be obtained from the stalk. Since a ton of coal will give up from about 20,000,000 to 26,000,000 units, an acre of ground in each year is capable of producing fuel which is equal to from 0.87 or 1.28 to 1.74 or 2.56 tons of coal. The stalk will probably increase this amount by one-quarter or one-third. The experience gained from boiler tests with corn fuel made it appear doubtful whether corn would be a practicable fuel for the generation of power, unless it were burned in some special furnace that would insure the perfect combustion of the volatile matter which forms so large a percentage of the whole corn, and which is driven off at a comparatively low heat.—New York Commercial Advertiser.

PLANS AN EDEN ON EARTH.

Omaha Professor to Experiment With Co-operative Living.

The ambition of Prof. Henry Olerich of Omaha is to establish an Eden on earth, where the work will be light and the pleasures innumerable. He has drawn plans of a "modern Paradise," and is booking names of possible prospective inhabitants. He says in a printed pamphlet:

"The writer feels confident that under the most efficient mode of co-operative living and working, from two to three hours of pleasant, self-employed labor a day would produce abundance of wealth to all—perhaps more than $10 worth of it a day to each associate.

"Equitable co-operation is the basis of my state of society as suggested in Modern Paradise.

"Five hundred or more cultured men and women live in a magnificent mansion, located in a fine park in the center of a large, productive farm four miles square, containing about 10,000 acres.

"Part of the co-operative mansion is used for public departments, such

The Co-operative Dwelling.

as a large, clean, cheerful kitchen, one of more artistic dining halls, commodious parlors of different sizes, a store department, a restaurant, a barber shop, public and private baths, a fine hall or theater, a splendid library, a well-filled laboratory, a fine printing outfit, a magnificent art gallery, museum, conservatory and automobile parlors, complete mail and water and elevator and telephone systems, a sanitarium, nurseries, kindergartens, instruction rooms, conversation halls, and such other conveniences as the association might from time to time desire.

"Every member has also an elegant horse; no need for fuel, gas and oil private apartment in the mansion affording the most exclusive privacy when desired.

"In Modern Paradise there will be no need for the steam engine and the lamps. Practically all the mechanical work will be done by electric power, and the cost of generating electricity will be but a mere trifle."

A Very Queer Fish.

In the Pacific ocean among the isles of Santa Barbara and the lakes of California, a queer fish lives a lazy life, floating on the surface most of the time and basking in the sunshine with part of its body above the water. It is called by the natives the "mola-

The Mola-Mola.

mola"; and the "mole" or "moon" fish by the whites. It can boast no tail in the ordinary fish way, only a sort of rudder-like fringe. This strange aquatic thing measures sometimes ten feet between the fins, and is as round as a bladder. It serves as a floating island for numerous sea-birds, such as gulls and cormorants, to rest upon and preen their plumage. Its flesh is far too tough to be good to eat.

Ahead of Time.

Little Richard, a 5-year-old West Philadelphia boy, who has arrived at the dignity of first trousers, was disgusted when he saw a little neighbor, aged 3, arrayed also in the garments of distinction. "Now just look what they've done to that Wilson baby!" he exclaimed. "They've gone and put him in pants before they know whether it's going to be a boy or a girl!"

BACKACHE.

Backache is a forerunner and one of the most common symptoms of kidney trouble and womb displacement.

READ MISS BOLLMAN'S EXPERIENCE.

"Some time ago I was in a very weak condition, my work made me nervous and my back ached frightfully all the time, and I had terrible headaches.

"My mother got a bottle of **Lydia E. Pinkham's Vegetable Compound** for me, and it seemed to strengthen my back and help me at once, and I did not get so tired as before. I continued to take it, and it brought health and strength to me, and I want to thank you for the good it has done me."—MISS KATE BOLLMAN, 142nd St. & Wales Ave., New York City.—*$5000 forfeit if original of above letter proving genuineness cannot be produced.*

Lydia E. Pinkham's Vegetable Compound cures because it is the greatest known remedy for kidney and womb troubles.

Every woman who is puzzled about her condition should write to Mrs. Pinkham at Lynn, Mass., and tell her all.

Bilious?
Dizzy? Headache? Pain back of your eyes? It's your liver! Use Ayer's Pills. Gently laxative; all vegetable. Sold for 60 years. J. C. Ayer Co., Lowell, Mass.

CLAREMONT COLLEGE,

For Girls and Young Women HICKORY, N. C.
A noted health resort. Pure mountain air and water. Pleasant home life, under refining influences. Twelve courses of study. Rates most reasonable. Director of Conservatory, J. H. Norman Mus. Doc., (Oxford, Eng., and Leipsig, Ger.) Write for catalogue.
A. J. BOLIN, A. M., President.

Ice Gardens.

A glacier, when it dislodges itself and sails away over the Arctic ocean, never travels alone. In the wake of every large one floats a line of similar companions. Strange as it may seem, plants grow and blossom upon these great ice mountains. When a glacier is at rest moss attaches itself to it, protecting the ice beneath, just as sawdust does. After a time the moss decays and forms a soil, in which the seeds of buttercups and dandelions, brought by the wind, take root and flourish.

A Tortugas Island Laboratory.

A scheme is on foot to establish a scientific station at the Tortugas Islands, off the coast of Florida, for the study of various subjects in connection with modern biological research. Many naturalists are interested in the project, and they predict important results if it can be carried out. It is urged in advocacy of such an institution that we know more about the life of the Red Sea than we do of that of the Caribbean Sea and the Gulf of Mexico, which lie just at hand.

FREE PROOF FORBIDS DOUBT.

GAINES, PA., August 3, 1902.—"I received your sample of Doan's Kidney Pills and since have taken two boxes, and I can truthfully say they are as good as they are recommended to be. When I began or move my feet—had two doctors but did not get relief. I saw your ad., and got a trial box and used to humanity."—Mrs. ELLA A. MATTISON, Gaines, Pa., Box 186.

The great fame of Doan's Kidney Pills is won by the wondrous power of the free trial to demonstrate surprising merit.

Aching backs are eased. Hip, back and loin pains overcome. Swelling of the limbs, dropsy signs, and rheumatic pains vanish.

They correct urine with brick dust sediment, high colored, pain in passing, dribbling, frequency, bed wetting. Doan's Kidney Pills remove calculi and gravel. Relieve heart palpitation, sleeplessness, headache, nervousness, dizziness.
